Task 1

Read this text about some horoscopes for 4th February, 2008. Look at the chart on the next page. You need to match the sentences with the right horoscope. Write the corresponding letter next to every horoscope as in the example. There are FOUR sentences that DO NOT match any horoscope. (Marking: 10 x 1 = 10 points)

1) ARIES

Think big, and dream even bigger - you have outstanding potential. Your mind is great at lateral thinking today, so surprise everyone (and yourself!) by coming up with an innovative and only slightly crazy solution to a long-standing difficulty.

2) TAURUS

In a battle between emotions and common sense, Taurus usually plumps for the sensible option every time. Your instincts and gut feelings are so strong today, however, that you'll find it tough to do the 'logical' thing, however much you feel you ought to. Listen to your heart.

3) GEMINI

Confusion seems to reign today. All around you people are saying one thing but doing another, and the muddle this creates is not to your liking at all. You're also offended at the hypocrisy of some people - and you're not afraid to tell them so, either.

4) LIBRA

Family matters are high on your priority list this Monday, and it seems you can't wait to get home from school! Good news or celebrations are possible, but even without any dramatic happenings this is a lovely day for enjoying the company of your folks.

5) LEO

Ingenious ideas today could result in some extra cash for your piggy-bank, so don't dismiss them out of hand, however outlandish some may seem. The entrepreneurial spirit is alive and well in Leo today.

6) VIRGO

Taking a calculated gamble may well pay off today, so don't be afraid to jump in at life's deep end and take a chance. If there are important decisions to be made, figure out which option is more fun. That may not seem like a very sensible way to make a choice....but you'll be surprised how what you want and what you really need tend to happily coincide today.

7) SCORPIO

A good, solid, hard-working start to the week for Scorpio. Your communication style today is much more 'no-nonsense' than usual, which is handy if you've got complicated projects to handle or if you're just trying to get a straight answer to a straight question.

8) SAGITTARIUS

With such a light-hearted and optimistic mood, what could possibly go wrong for you today? Very little, in fact - apart from a few mean remarks and some upsetting gossip. But take no notice, Sagittarius - they're just jealous of your sunny nature...

9) AQUARIUS

Sleepy, dreamy and pretty disorientated, you'll probably stumble your way through today only half awake. Some might find this charming but your teachers are likely to find it highly irritating. Still, at least you're nice to people when you're in this mood, so just keep smiling.....if you can keep your eyes open!

10) PISCES

You're trying to help. You know that. I know that. Even those you want to help know that. But the fact is that today your interference could be more of a hindrance than a help. Stay out of other people's business, and focus on your own.
